## **Conditions of travel**

The School Transport Assistance Scheme (STAS) provides assistance to enable eligible school students to attend education facilities.

Travel on school transport services is subject to requirements of the *Transport Operations (Passenger Transport) Act 1994*. Parents are asked to note the following conditions and ensure their children are also made aware of these conditions.

Further information on the School Transport Assistance Scheme and additional application forms are available on the Department of Transport and Main Roads website at [www.tmr.qld.gov.au/schooltransport](http://www.tmr.qld.gov.au/schooltransport).

## **Applying for bus travel assistance**

Complete this form if you wish to apply for distance-based travel assistance.

Fill in all questions on the form. If you do not it may delay the processing of your form.

You can log onto [www.information.qld.gov.au](http://www.information.qld.gov.au) and click on 'start mapping here' to access your lot number and registered plan number. To do this click on 'property' under area of interest and then type in your address. Once you have located your residence, click on 'identify' and it will give you the lot and plan number. Alternatively, look at your rates notice or contact your local council to get your lot and plan number.

Return the completed form to your local bus operator. This must be done within seven (7) days of the student starting to travel on the bus.

Applications can only be accepted for the current school year.

If the student catches more than one bus to get to school, an application form must be completed for each bus service.

If the student changes school or address during the year you will need to reapply for assistance. You must also inform the Department of Transport and Main Roads if the number of times the student catches the bus each week changes.

The bus operator will issue interim approval only. Final approval for assistance can only be granted by the Department of Transport and Main Roads.

The Department of Transport and Main Roads will advise successful applicants in writing. If your application is unsuccessful, you will be advised by your local bus operator.

**Eligibility** This is only a brief summary. Contact your nearest office or go to [www.tmr.qld.gov.au/schooltransport](http://www.tmr.qld.gov.au/schooltransport) for full details.

To be eligible for travel assistance, students must meet the criteria detailed below.

1. Students must be enrolled at an approved school.
2. State primary school students (years prep-7) must live more than 3.2 kilometres by the shortest trafficable route from the nearest state primary school. Non-state primary students (years prep-7) must live more than 3.2 kilometres from both the nearest state school and non-state school of the type attended.
3. State secondary school students (years 8-12) must live more than 4.8 kilometres by the shortest trafficable route from the nearest state secondary school. Non-state secondary students (years 8-12) must live more than 4.8 kilometres from both the nearest state school and non-state school of the type attended.
4. Measuring: The distance from your residential property to the school is measured by the shortest trafficable route over roads open for public use. Distances are measured from the vehicle access point of your residential property alignment nearest to the school to the closest entrance to the school. No measurements are made on private property. In calculating this distance, the single journey is used. However, in cases where the distance to and from school varies because of different routes (e.g. one way roads), the average distance is taken.
5. Financial assistance may be available under the provisions of the safety-net scheme for financially disadvantaged students residing close to their nearest school.
6. Financial assistance may also be available for those parents who choose to transport their children by private motor vehicle. Conveyance allowance may also be available to parents who drive their child/children to the bus service.
7. Students from overseas, interstate or on student exchange programs are not eligible to receive travel assistance.
8. Students attending TAFE colleges are not eligible to receive transport assistance.
9. Students are only eligible to receive assistance on the designated bus service for their area. Students living in an area serviced by a kilometre-based school bus service are not eligible for assistance on fares-based services.
10. Travel assistance is not available for travel to alternative addresses or for travel to more than one school facility.
11. In assessing eligibility of students, the minimum frequency of travel is 20% that is, two trips per week.
12. In some circumstances, eligible students who do not attend their nearest state school may receive assistance to the value of travel to the nearest state school. Parents are then responsible for payment of any excess fares.

The Department of Education and Training is responsible for transport assistance for students with disabilities. Please discuss eligibility requirements and assistance types for these students with the school attended.

## Bus passes

If bus passes are issued to students, these passes must be produced to the driver upon request.

Passes are not transferable. Bus passes must be returned to the bus company immediately upon the students ceasing to use the bus.

A replacement fee will be charged for all lost passes. Damaged passes will be replaced at a nominal fee provided the damaged pass is produced and identifiable.

Any excess fares for a student's travel are to be paid directly to the bus operator.

## Code of Conduct for school bus travel

The Department of Transport and Main Roads has in place a Code of Conduct for School Students Travelling on Buses. The Code applies to all students attending primary and secondary school in Queensland who use buses either to travel to and from school or for other school-related activities such as excursions.

The Code sets out prescribed standards of behaviour and examples of how your child can meet these standards.

A brochure outlining the Code of Conduct and detailing students and parents' responsibilities is available from your local bus operator or nearest Department of Transport and Main Roads office.

## Change of circumstances

It is a parental/guardian responsibility to advise the Department of Transport and Main Roads within seven (7) days when there is a change to a student's personal circumstances that would affect their eligibility for school transport assistance.

Parents must:

1. Complete and submit a new application form when a student changes school or address.
2. Complete and submit a new application form when a student goes from primary level (years prep-7) to secondary level (years 8-12), even if the student is remaining at the same school.
3. Notify the Department of Transport and Main Roads if the number of times the student uses the bus service changes during the year.
4. Advise the bus company and the Department of Transport and Main Roads when a student no longer travels on a particular service.

Circumstances may also change during a student's schooling which make a student ineligible to continue to receive assistance. These can include, but are not limited to, a new school built in a local area, or a new road network.

The Department of Transport and Main Roads reserves the right to withdraw travel assistance and recover monies paid if investigations show the student to be ineligible. Persons who intentionally provide false information to obtain a benefit may be liable to a \$6000 fine under Section 149 (3) of the *Transport Operations (Passenger Transport) Act*.
